1. Statement of Purpose

This letter is submitted in support of the H-1B visa petition filed on behalf of our client, Shruti, for the position of [Job Title - Information not available in submitted documents]. This petition seeks to secure the necessary visa classification for Shruti to commence employment with [Employer Name - Information not available in submitted documents], allowing her to contribute her specialized skills and expertise to a crucial role within your organization. Given the urgent nature of this filing, we respectfully request expedited review.

2. Summary of Qualifications

Shruti possesses a strong academic foundation and practical experience highly relevant to the [Job Title - Information not available in submitted documents] role. She is pursuing a Bachelor of Science in Data Science from the Indian Institute of Technology, Madras, with an expected graduation date of May 15, 2026.

Shruti's professional experience includes serving as an AI Model Trainer (Freelance) at Outlier AI from January 2024 to April 2025. In this capacity, she successfully delivered over five end-to-end AI model training projects. Her responsibilities encompassed supervised fine-tuning, model evaluation, and response ranking across Data Science, Machine Learning, Mathematics, Python, and SQL domains. She collaborated with over 1,000 global experts to develop structured training datasets, preference annotations, and evaluation workflows. Shruti also engaged in prompt engineering, quality assurance, and error analysis on Google Compute Engine infrastructure to support model alignment, decision-making, knowledge retention, and continuous improvement.

Furthermore, Shruti's project portfolio demonstrates significant technical proficiency. She developed "BlackCipherAI," an AI-Powered Cyber Threat Intelligence Platform, integrating Machine Learning, Explainable AI (SHAP), Retrieval-Augmented Generation (RAG), MITRE ATT&CK mapping, and LLM-based security analysis. She also architected "ChronosAI," an Autonomous Root Cause Analysis Platform employing Multi-Agent Systems, RAG, and LangGraph workflows for incident investigation and root cause analysis. Additionally, she constructed a production-style "Heart Disease MLOps Pipeline" deployed on Google Cloud with Kubernetes, featuring automated training, evaluation, and production inference workflows.

Shruti's technical skillset is comprehensive and includes:

- **Languages & Tools:** Python, SQL, Bash, Git, Docker
- **ML/DL:** Scikit-learn, XGBoost, PyTorch, TensorFlow, Feature Engineering, Model Evaluation, Statistical Modeling
- **LLMs & Generative AI:** RAG, SFT, Fine-Tuning, Hugging Face, Prompt Engineering, LangChain, LangGraph, smolagents
- **MLOps & Deployment:** FastAPI, Docker, MLflow, Airflow, DVC, GitHub Actions, CI/CD, Model Serving
- **Cloud & Vector Databases:** GCP, ChromaDB, FAISS

Her core competencies include Multi-Agent AI Systems, Retrieval-Augmented Generation (RAG), LLM Applications, LangGraph Workflows, MLOps & Model Serving, End-to-End ML Pipelines, Vector Search & Embeddings, FastAPI Development, Cloud Infrastructure (GCP), CI/CD Automation, Feature Engineering, and Applied Machine Learning.

3. Supporting Evidence Summary

The following documents have been reviewed and are on file with Ascend Immigration Law Group in support of Shruti's H-1B petition:

- **Degree Certificate:** This document, issued by the Indian Institute of Technology Madras, confirms Shruti's successful completion of the requirements for a Bachelor of Science in Data Science, with a graduation date of May 15, 2026. This certificate establishes her academic qualifications.
- **Experience Letter:** This letter from THE STONEMOF ENTERPRISES PVT. LTD. verifies Shruti's tenure as a Research Intern from January 1, 2026, to May 31, 2026, and outlines her responsibilities in Data Analysis, Machine Learning, AI Automation, and Dashboard Development. This letter corroborates her practical experience.
- **Other Document (Resume/CV - *Note: Resume/CV is missing and required*):** [Information not available in submitted documents].

• **Other Document (Passport - *Note: Passport is missing and required*):** [Information not available in submitted documents].

4. Conclusion / Request for Approval

Shruti is a highly qualified individual with specialized knowledge and skills in Data Science, Machine Learning, Generative AI, and MLOps, directly aligning with the requirements of the proposed H-1B employment. Her academic achievements, combined with her practical experience and impressive project portfolio, demonstrate her capacity to excel in the position. We respectfully request that you carefully review the submitted evidence and approve Shruti's H-1B visa petition. Your favorable consideration of this urgent petition is greatly appreciated.

Date: June 20, 2026

Sincerely,

Jennifer Chen, Esq.
