****RE: H-1B Visa Petition Support Letter for Shruti****

****Petitioner:**** [Petitioner Name/Company Name - *Information not available in submitted documents*]

****Beneficiary:**** Shruti

****Case Type:**** H-1B Visa

****Priority:**** Urgent

To the Esteemed Officers of United States Citizenship and Immigration Services,

This letter is submitted in support of the H-1B visa petition filed on behalf of our client, Shruti. Given the urgent nature of this petition, we respectfully request your prompt attention and favorable consideration.

****1. Petitioner / Beneficiary Information****

* ****Beneficiary Name:**** Shruti

* ****Petitioner Name/Company Name:**** [Information not available in submitted documents]

****2. Statement of Purpose****

This H-1B visa petition is being filed to allow Shruti to accept a position as [Job Title - *Information not available in submitted documents*] with [Petitioner Name/Company Name]. This role requires specialized knowledge and skills in the field of [Field of Specialty - *Information not available in submitted documents*], which Shruti possesses. The petitioner is an established entity within its industry and requires Shruti's expertise to fulfill its business objectives and maintain its competitive edge.

****3. Summary of Qualifications****

Shruti is a highly qualified and promising individual with a strong academic foundation and practical experience relevant to specialized occupations in the technology sector. Shruti has successfully completed the requirements for a Bachelor of Science in Data Science from the Indian Institute of Technology, Madras, graduating on May 15, 2026. This rigorous academic program provided Shruti

with comprehensive knowledge in Data Science, Machine Learning, Artificial Intelligence, and related fields.

Shruti's practical experience includes work as an AI Model Trainer, where responsibilities encompassed delivering end-to-end AI model training projects, including Supervised Fine-Tuning (SFT), model evaluation, and response ranking across Data Science, Machine Learning, Mathematics, Python, and SQL domains. Shruti also collaborated with a large number of global experts to develop structured training datasets, preference annotations, and evaluation workflows. This experience involved prompt engineering, quality assurance, and error analysis on Google Compute Engine infrastructure.

Furthermore, Shruti has demonstrated exceptional project development capabilities in advanced AI and MLOps areas. Notable projects include:

* **BlackCipherAI:** An AI-Powered Cyber Threat Intelligence Platform incorporating Machine Learning, Explainable AI (SHAP), Retrieval-Augmented Generation (RAG), MITRE ATT&CK mapping, and LLM-based security analysis for automated threat detection. This project involved developing an XGBoost-based intrusion detection model and an intelligent RAG pipeline.

* **ChronosAI:** An Autonomous Root Cause Analysis Platform utilizing Multi-Agent Systems, RAG, LangGraph, and LLM-based reasoning workflows. This platform was designed for autonomous incident investigation, root cause analysis, and remediation planning.

* **Heart Disease MLOps Pipeline:** A production-grade MLOps pipeline for heart disease prediction, featuring automated training, evaluation, and production inference workflows, deployed on Google Cloud with Kubernetes and CI/CD automation.

Shruti possesses a robust technical skillset encompassing Languages & Tools (Python, SQL, Bash, Git, Docker), ML/DL (Scikit-learn, XGBoost, PyTorch, TensorFlow, Feature Engineering, Model Evaluation, Statistical Modeling), LLMs & Generative AI (RAG, SFT, Fine-Tuning, Hugging Face, Prompt Engineering, LangChain, LangGraph, smolagents), MLOps & Deployment (FastAPI, Docker, MLflow, Airflow, DVC, GitHub Actions, CI/CD, Model Serving), and Cloud & Vector Databases (GCP, ChromaDB, FAISS).

****4. Supporting Evidence Summary****

The following documents have been submitted in support of this petition:

* **Degree Certificate:** Demonstrates Shruti's successful completion of a Bachelor of Science in Data Science from the Indian Institute of Technology, Madras, and the date of graduation.

* **Experience Letter:** Confirms Shruti's tenure and responsibilities as a Research Intern at THE STONEMOF ENTERPRISES PVT. LTD. from January 2026 to May 2026, detailing tasks such as Data Analysis, Machine Learning, AI Automation, and Dashboard Development.

* **Other Document(s):** [Details of what these documents demonstrate are not available in submitted documents]

* **Other Document(s):** [Details of what these documents demonstrate are not available in submitted documents]

Please note: The following essential documents are still required to complete the petition:

* **Resume / CV:** To provide a comprehensive overview of Shruti's professional history, skills, and accomplishments.

* **Passport:** To verify Shruti's identity and nationality.

5. Conclusion / Request for Approval

Shruti's advanced education, specialized technical skills, and proven ability to develop complex AI and MLOps solutions clearly align with the requirements of the proposed H-1B position. Shruti's contributions will undoubtedly be of significant benefit to the Petitioner.

We respectfully request that you review the enclosed documentation and grant approval for this H-1B visa petition. We are available to provide any further information or clarification that may be required.

Thank you for your time and consideration of this important matter.

Sincerely,
